Program Supported by: Deutsche Welle Akademie (DWA) and the German Federal Ministry for Economic Cooperation and Development (BMZ).

#### Our Goal:

 Building societal resilience by engaging citizens in fact-checking.

## Our Objectives:

- Enhancing youth critical thinking and their ability to differentiate between quality media content and fabricated one.
- Equipping program participants with the skills needed for multimedia content production and the amplification of knowledge.

#### Our Motto: Discover Truth Yourself!

- Target Groups: Youth aged 18-30.
- Scope of the Program: Initially Georgia, and since 2023, expanded to include Armenia, Azerbaijan, and Ukraine.

#### How Are We Teaching?

The 3.5-month program combines weekly seminars with internships at the fact-checking website www.mythdetector.ge, allowing students to apply their knowledge in practice and publish investigative articles on our website.

## What Are We Teaching?

MDF's 4 step approach to disinformation

 Identify – Verify information and prioritize those that intend to cause harm

2. Deconstruct – Fact-check and verify information / statements based on credible sources and OSINT tools

3. Track Transparency of Sources – Investigate those behind false content who intend to cause harm

**4. Explain** – Informing society about propaganda methods and techniques used in spreading false information

# Multimedia – Visual Storytelling & Data Visualisation

#### What Have We Achieved?

- Since 2017, we have had 251 alumni from Georgia, 3 from Armenia, 2 from Azerbaijan, and 3 from Ukraine
- We have published more than 500 investigative articles on www.mythdetector.ge.
- We have also prepared 152 multimedia content pieces
- 9 of our alumni are now employed at MDF in various programs
- Our success stories have been reported by DW Akademie, Media and Information Literacy Expert Network (MILEN) and France 24
